

SHARFINA ARDHIYANTI ANAM

+6285158382355 | fina.ardhiyanti@gmail.com | <https://www.linkedin.com/in/sharfinaanam/>

Informatics student at Institut Teknologi Sepuluh Nopember with hands-on experience in machine learning, data analytics, and software development through academic projects, internship, and organizational leadership. Proven ability to translate technical concepts into practical solutions, from building ML detection models to engineering BI dashboards. Highly adaptable and fast-learning, with a strong record of delivering measurable results in both technical and team-based settings. Seeking to deepen expertise in Data Science and data analytics.

Education

Institut Teknologi Sepuluh Nopember - Surabaya, Indonesia

Jul 2023 - Present

Undergraduate in Informatics Engineering | GPA: 3.70

Relevant Coursework: Calculus, Algorithms, Database Systems, Machine Learning, Data Mining, Web Fundamentals

Experiences

PT. Intikom Berlian Mustika – Jakarta Selatan, Indonesia

Jan 2026 – Apr 2026

Data & AI Internship

- Managed comprehensive Preventive Maintenance (PM) documentation for 50+ servers by synthesizing diagnostic data from PAL tools and onsite technical reports to ensure optimal system stability.
- Engineered an interactive Purchasing Dashboard using Power BI and SQL, applying advanced data modeling techniques within the Microsoft Power BI and Fabric ecosystem and reviewed a senior-developed training module to identify improvement areas ahead of rollout.

Calculus 1 Teaching Assistant - Surabaya, Indonesia

Sep 2025 – Dec 2025

Teaching Assistant

Aug 2024 – Dec 2024

- Led biweekly in-class problem-solving sessions, teaching advanced Calculus 1 exercises directly to 70+ undergraduate students per session.
- Achieved a 94% "increased understanding" rate and 95%+ top satisfaction scores (4-5/5) across 68 student feedback responses.
- Created and distributed original supplementary notes, improving student comprehension of complex topics.

Himpunan Mahasiswa Teknik Computer Informatika (HMTIC) ITS - Surabaya, Indonesia

Apr 2025 - Jan 2026

Deputy Head of the Charity Bureau – Student Social Development 2025

- Co-organized 4 fundraising campaigns (orphanage, UPTD care facility, Palestine relief, Aceh-Sumatra flood relief) that consistently exceeded targets by 2-3x and ensured 100% transparent fund distribution to beneficiaries.
- Supervised PIC and staff in planning and executing 2 charity events (Iftar & Quran recitation at an orphanage; a sandal-painting activity for children with special needs at UPTD), overseeing preparation through event-day execution.
- Coordinated cross-division communication, delegated tasks across committee members, and evaluated program outcomes to drive continuous improvement.

SCHEMATICS 2025 - Surabaya, Indonesia

Mar 2025 - Nov 2025

Staff SCHEMATICS Data Management 2025

- Collected, processed, and organized data to support cross-division needs and ensure smooth event operations.
- Maintained accurate and well-structured data flow between committees and participants, ensuring data consistency throughout the event lifecycle.
- Utilized a Python-based WhatsApp automation tool to increase efficiency and reduce repetitive manual tasks.

VOLUNTEER - Surabaya, Indonesia

1000 Duta AI ITS – Logistics & MC

Oct 2025

- Served as the master of ceremonies (MC) for program activities and assisted lecturers during material delivery.

REEVA SCHEMATICS 2024 - Liaison Officer

Nov 2024

- Coordinated directly with food & beverage and merchandise tenants throughout the event.

Sobat Edukasi – Volunteer Teacher, BEM FTEIC ITS

Sep 2024

- Taught students through structured learning sessions while delivering interactive, student-centered lessons.

Projects

Invasive Plant Species Detection Model (Taman Baluran) – Object Detection

Mar 2026 - Jun 2026

- Built a YOLO26-based object detection model to identify 5 invasive plant species using a custom dataset of 1,250+ annotated images sourced from GBIF and iNaturalist, achieving 0.922 mAP50 and 0.848 recall on the final model.
- Improved model performance through iterative annotation refinement and hyperparameter tuning, raising critical-class recall from 0.639 to 0.805 and overall mAP50 to 0.926.
- Designed and conducted a robustness stress test using 230 images from 13 visually-similar non-target species, achieving a 10% false-positive rate, and proposed mitigation strategies.

Secure File Encryption System (Symmetric & Asymmetric Key Project)

Oct 2025 - Nov 2025

- Implemented a file-security workflow supporting AES, DES, and RC4 for symmetric encryption alongside RSA for key management.
- Generated, stored, and managed RSA key pairs following private key handling best practices, validating encryption-decryption integrity across all algorithms.
- Built a clean, user-friendly frontend interface to streamline file encryption and decryption operations end-to-end.

HKI-Registered Educational Module & Cinematography Project – Construct 3 Training

Jun 2025 - Sept 2025

- Developed an official training module “Modul Pelatihan Pembuatan Game Sederhana Menggunakan Construct 3 – SMAN 17 Surabaya”, registered under HKI (Modul).
- Produced a cinematographic work titled “Video Pelatihan Pembuatan Game Sederhana Menggunakan Construct 3 – SMAN 17 Surabaya”, also registered under HKI (Karya Sinematografi).
- Contributed to content design, instructional structure, and visual production to support student learning.

Skills

Technical Skills

- **Programming:** Python (Pandas, NumPy, Matplotlib, Scikit-learn), SQL, C, C++, Dart/Flutter, JavaScript (basic), HTML & CSS (basic)
- **Data & ML Tools:** Jupyter Notebook, Google Colab, Power BI
- **Design & Productivity:** Figma, Excel, Google Sheets, Word, PowerPoint

Soft Skills

- Analytical Thinking & Problem-Solving
- Cross-Functional Communication
- Leadership & Team Coordination
- Adaptability & Fast Learning
